Shelves rest on welded shelf supports and are adjustable on 2 1/2" centers. Polypropylene shelf liners lay on shelf and bottom, and will contain spills. Vent covers are installed both inside and outside the cabinet. The Cabinet leg levellers enable you to level cabinet at your desired height. A grounding screw is located on the lower righthand side of the Cabinet. A grounding wire is not included.

Additional Shelves and Trays may be ordered

| Cabinet Model # | Shelf Model No. | Tray Model No. | Quantity | Size |
|------------------|-----------------|----------------|----------|----------------------------|
| AC300A or AC450A | ACS350A | ACT370A | 1 | 39 5/8"W x 14"D x 1 5/16"H |
| AC600A | ACS650A | ACT670A | 1 | 30 5/8"W x 30"D x 1 5/16"H |

— SAFETY INSTRUCTIONS —

Handle acid containers carefully and in accordance with directions on containers. Evenly distribute weight on shelves and liners keeping heavier weights on lower shelves. Keep doors Closed! Each cabinet has 2 vents which are equipped with a fire baffle and connections for a 2" pipe fitting for external exhaust. Check local, state and federal fire codes that may be applicable to your particular use. Consult with qualified safety personnel to determine your specific needs.
